

# Sangria T rreo

## Prepared the traditional way in the birth place of Sangria

Sangria Terreo is prepared in the traditional way sangria has been made for decades. Produced in the birth place of Sangria ensures the most authentic taste possible. We use the same Tempranillo grape found in our award winning still wines. Our Sangria Terreo is all-natural and contains only the freshest ingredients. We have added the best fruit juices and spices indigenous to the south of Spain.

A great deal of care has gone into the making of this product, and we believe that this is the closest to homemade Sangria that you will find. We have done all the work for you – Just add fresh cut fruit, chill, and serve!
